ITSSD: IP-Based Innovation, Not IP Opportunism, is in Brazil's Best Interests

PRINCETON, N.J., Sep. 21 /PRNewswire/ --

PRINCETON, N.J., Sept. 21 /PRNewswire/ -- While the government of Brazilian President Luiz Inacio Lula da Silva works diligently to appear as a political moderate and a dependable market-friendly force within a highly volatile and blatantly populist region of the world, international business, trade and regulatory expert **Lawrence A. Kogan of the ITSSD** reports how Brazil, under Mr. Lula's leadership, is actually working to undermine exclusive private property rights and free enterprise globally.
